**Program or Area(s) of Study under Review:  Noncredit ESL/English/Learning Skills**

**Term/Year of Review:  Spring 2021**

**Summary of Program Review:**

A.  **Major Findings**

1.  **Strengths:**

- Faculty continue to be a point of strength in instruction, partnering with community associates, developing, assessing, and sustaining noncredit ESL/English, and Learning Skills courses.
- *The average class size in* noncredit ESL/English, and Learning Skills courses have outdone the average class size in *noncredit programs across the institution during this period*.
- *the Noncredit ESL/English/Learning Skills Program increased by 4.1% over the past three years, while headcount in noncredit programs across the institution increased by 3.4%.*

2.  **Areas for Improvement:**

- The data for headcount and enrollment do not provide the information needed to determine if decline is a result of the Corona Virus Pandemic.
- Fill rate and productivity are not reported for the Noncredit ESL/English/Learning Skills Program, as most course sections does not have a capacity identified, and FTES and FTEF data are not available.
- Some ABEN courses are in need of updating
- ABEN courses (and noncredit ESL courses in general) rarely underwent Learning Outcomes Assessment until NC faculty were added as CPCD faculty. Since ABEN courses did not undergo regular SLO assessments in the past, we do not have any qualitative data from faculty to determine what implementations are planned going forward.
- The ESLNC courses are newly modified curriculum and currently have no data during this three-year time period.
- ESL and ESL noncredit may require program review and assessment will benefit form

**3. Projected Program Growth, Stability, or Viability:**

Noncredit ESL, English, and Learning Skills is currently in **Viability** as the courses have the ability to succeed or be sustained.
- After development of certificates and a streamlining of offerings the expectation is an increase in enrollments and completions.
- fewer students are enrolled in some classes, however growth is possible when return to normal, the courses will continue with the 20-22 student average.

**B. Program's Support of Institutional Mission and Goals**

**1. Description of Alignment between Program and Institutional Mission:**

Noncredit ESL/English/Learning Skills seeks to support the mission of Napa Valley College.

**2. Assessment of Program's Recent Contributions to Institutional Mission:**

Noncredit ESL/English/Learning Skills seeks to assess all courses. Understanding the courses that need to be assessed or archived will contribute to the mission of Napa Valley College.

**3. Recent Program Activities Promoting the Goals of the Institutional Strategic Plan and Other Institutional Plans/Initiatives:**

Noncredit ESL/English/Learning Skills seeks alignment with goals and strategic plan of Napa Valley College.

**C. New Objectives/Goals:**
- New courses and courses with no data points need further evaluation as to necessity and content.
- Some courses need to be revised or archived.

[+]Degrees and Certificates cannot be implemented until the required courses in them are approved and active.

**Program Reflection:**

English as a Second Language will implement a certificate of competency.  This certificate is designed to increase growth, enrollment and a document for students to show prospect or current employers. Note that these certificates will be awarded to students showing competency of skills in the newly developed ESLNC courses, but not the ABEN courses.

In previous years, we did not offer certificates within the ESL program. We have already written 4 certificates for NC students to be eligible to obtain and we are currently working on drafting ones for the credit courses.

## III.     LEARNING OUTCOMES ASSESSMENT

**Program Reflection:**

English as a Second Language will implement a certificate of competency.  This certificate is designed to increase growth, enrollment and a document for students to show prospect or current employers. Note that these certificates will be awarded to students showing competency of skills in the newly developed ESLNC courses, but not the ABEN courses.

It is also worth noting that ABEN courses rarely underwent Learning Outcomes Assessment until NC faculty were added as CPCD faculty. 2019 was the first year that the current ESL coordinator is aware of for these to be completed. It should also be noted that noncredit classes, it is sometimes difficult to perform assessments for a variety of reasons, including but not limited to open-entry/open-exit enrollment, the lack of graded assignments as per the nature of noncredit and the fluctuation in headcounts on any given day throughout the semester.

### B.  Summary of Learning Outcomes Assessment Findings and Actions
- Many of these courses have not been offered and/or may need to be archived
- The ESLNC courses are newly modified curriculum and currently have no data during this three-year time period.
- Since ABEN courses did not undergo regular SLO assessments in the past, we do not have any qualitative data from faculty to determine what implementations are planned going forward.

**Program Reflection:**
- English as a Second Language will implement a certificate of competency.  This certificate is designed to increase growth and competency of skills.
- Many of these courses have not been offered and/or may need to be archived.
- The ESLNC courses are newly modified curriculum and currently have no data during this three-year time period.

- It was noted that there is a desire to meet together more frequently as a department to facilitate brainstorming and sharing of ideas pertaining to SLO's and assessment. This has been much more achievable since Zoom became a mainstream meeting modality as of Spring 2020.

**IV.** **PROGRAM PLAN**

Based on the information included in this document, the program is described as being in a state of:

      O   Viability

      O   Stability

      O   Growth

\*Please select ONE of the above.

**This evaluation of the state of the program is supported by the following parts of this report:**

> 1A.1 & 2 The data for headcount and enrollment corresponds with the presence leadership across these programs.  Many of these courses have fluid enrollment. The data for headcount and enrollment do not provide the information needed to determine if decreases are a result of the Corona Virus Pandemic.
> 1.3 Fill rate and productivity are not reported for the Noncredit ESL/English/Learning Skills Program, as most course sections does not have a capacity identified, and FTES and FTEF data are not available.
> 2 Some ABEN courses are in need of updating
> 2 English as a Second Language will begin implementing a certificate of competency.
> 3.A ABEN courses (and noncredit ESL courses in general) rarely underwent Learning Outcomes Assessment until NC faculty were added as CPCD faculty. Since ABEN courses did not undergo regular SLO assessments in the past, we do not have any qualitative data from faculty to determine what implementations are planned going forward.
> 3B The ESLNC courses are newly modified curriculum and currently have no data during this three-year time period.

Describe the current state of program resources relative to the plan outlined above. (Resources include: personnel, technology, equipment, facilities, operating budget, training, and library/learning materials.) Identify any anticipated resource needs (beyond the current levels) necessary to implement the plan outlined above.

Note: Resources to support program plans are allocated through the annual planning and budget process (not the program review process). The information included in this report will be used as a starting point, to inform the development of plans and resource requests submitted by the program over the next three years.

**Description of Current Program Resources Relative to Plan:**

The ESL Program is in need of tutoring services for students. Similar to the writing or math centers, our program could greatly benefit from the services of tutors (especially hiring student tutors). This would also help improve retention rates of First Generation Students, and minority populations. Tutors could also help host language exchange groups which would benefit both Spanish and ESL programs.

Similarly, the program would benefit from acquiring and/or adopting the following resources for our updated program:

- LibGuide

- Bi-Lingual Library Tour Orientations

- Textbook reserve collection of ESL materials and resources and multiple levels

- Extended morning and weekend hours

- Collaboration and integration of ESL faculty, students, and tutors into the Writing Success Center

- Supplies to print certificates

- Promotional materials

- ESL Outreach and Support Specialist(s)

| - Part-Time faculty office hours |

## PROGRAM HIGHLIGHTS

**A. Recent Improvements**

> ● Placement test and late-start classes
>
> In order to properly place students coming into our program from various levels and backgrounds, we have streamlined the process using a self-guided placement test. Since students often need individualized instruction on placement, courses that are higher than entry level are offered as late-start courses. We also are encouraging instructors to reach out to the Welcome Center and Counselors before classes start to help students ensure they are registered in the proper course.
>
> ● Modified Curriculum
>
> In response to AB 705 and the needs identified above, we have developed and designed a completely new curriculum for Academic ESL students to have the opportunity to enroll in our mirrored courses, in which students can decide if they'd like to complete a NC course or Credit course concurrently. This has been very effective in maintaining enrollments as well as provide students with the option to either earn a grade to move to the next level, or attend free NC courses as often as they can without the pressure of grades. It also allows students open-entry/open-exit admission as well as the opportunity to retake a class multiple times if they opt for the NC version of the level(s).
>
> ● Certificates
>
> The goal of the Academic ESL Certificate Program is to provide students, prospective employers, and others with documented evidence of persistent continuance and academic accomplishments in ESL courses.
>
> The objectives of the Academic ESL Certificate Program include:
> 1. Demonstrate ability to evaluate, comprehend and produce written and spoken English in a variety of contexts approaching ESL college-level communication.
> 2. Compose well-developed and organized pre-college level compositions.
> 3. Produce spoken English with increasing accuracy and fluency using a wide range of academic vocabulary, language functions, and sentence structures.
>
> ● Collaboration with the Spanish Department
>
> During 2019-2020 we collaborated with the Spanish department, and held regular Language Exchange Meetings, where ESL students could practice English in a trade with Spanish language students practicing their Spanish.
>
> ● New PT hires

Three new ESL Part- time adjuncts were hired during this 3-year time period.

- New FT hire

One new ESL Full-time faculty was hired during this 3-year time period to also assume the role of a Program Coordinator and bolster the program.

**B. Effective Practices**

- Faculty engagement and community involvement
- Monitoring legislation for the population served in these courses
- Working with AB 705 to develop curriculum
- Regular assessment

**Feedback and Follow-up Form**

**Completed by Supervising Administrator:**

Senior Dean, Maria L. Villagomez
