Purpose of Report

Each year, Napa Valley College (NVC) compiles a report summarizing the progress made toward achieving the goals and objectives of the Institutional Strategic Plan. The resulting document serves as an Annual Progress Report on the Strategic Plan. This document summarizes activities and progress made in 2018-2019 relative to the goals and objectives of the 2018-2021 Institutional Strategic Plan.

Structure of 2018-2019 Progress Report

The 2018-2021 Institutional Strategic Plan (approved in 2017-2018) includes five broad goals:

- Work with local educational partners to promote opportunities at NVC and equip incoming students with the skills and resources needed for college success;
- Engage NVC students and assist in their progress toward educational and job training goals;
- Increase NVC student achievement and completion of educational and job training goals;
- Ensure the fiscal stability of NVC as it transitions to a community supported district; and
- Enhance collaboration between NVC and community and civic partners.

This report is structured around the initiatives, measurable objectives, and deliverables associated with the five institutional goals. To provide context for the 2018-2019 Progress Report, the 2018-2021 Institutional Strategic Planning Goals – along with the initiatives, measures, and deliverables associated with each goal – are outlined on the next three pages (pages 5-7).

This Annual Progress Report focuses on new activities that were implemented to promote the five institutional goals in 2018-2019. To demonstrate the direct linkage between the defined initiatives and the accomplishments from 2018-2019, the information is presented in the form of a table – including descriptions of accomplishments associated with each individual initiative. Throughout this report, accomplishments are listed in tables containing purple headers, listing the relevant institutional goal at the top of the table and associated initiatives in each row of the table. Accomplishment from 2018-2019 are reported beginning on page 8 (for Institutional Goal 1).

The measures associated with each goal are presented in tables containing green headers (beginning on page 9 for Institutional Goal 1). For each measure, the 2017-2018 baseline performance and the 2018-2019 performance level are reported in the tables. A summary of the change in performance between the two years (e.g., +12%, -5%) is reported in the final column. A green – yellow – purple coding system is applied to the institution-level measures, to summarize the magnitude and direction of changes associated with each measure. Green indicates an improvement (over the 2017-2018 baseline) exceeding 1%, and purple indicates a

2018-2019 Progress Report *Page 3 of 17*

decline (from the 2017-2018 baseline) exceeding 1%. The green and purple ratings incorporate two gradations to distinguish increases/decreases falling within 1%-5% of the 2017-2018 baseline from those exceeding 5%. Changes within 5% of the baseline are lightly shaded, and those exceeding 5% have darker shading. Yellow indicates a change within 1% ($\pm 1\%$) of the 2017-2018 baseline. The tables also include some examples of new developments for NVC that are reflected in the measures – for example, new partnerships with local high schools, co-curricular offerings that were expanded in 2018-2019.

Deliverables from 2018-2019 are summarized in tables containing yellow headers (beginning on page 10 for Institutional Goal 1).
