#	RESPONSES	DATE
1	Faculty representation on AAC	9/23/2022 7:23 AM
2	I would like the AS to provide updates on the measures the district is taking to update our technology servers, hardware, software, etc.	9/22/2022 7:54 PM
3	classroom technology	9/22/2022 1:31 PM
4	Shared governance	9/22/2022 12:14 PM
5	na	9/22/2022 11:33 AM
6	Loss of faculty chair positions and release time for faculty	9/22/2022 11:31 AM
7	Staffing issues due to retirements and other losses.	9/22/2022 11:26 AM
8	review practices and hiring in IT --too much incompetency	9/22/2022 11:22 AM
9	Wi-fi in the classroom	9/22/2022 11:12 AM
10	You already are doing this, so continue to foster and maintain a collegial and respectful relationship with our new president and board. Included in this is to continue to work towards regaining our shared governance.	9/22/2022 11:06 AM
11	Internet infrastructure and support	9/22/2022 10:56 AM
12	I think the Senate needs to work on all of the AP and BP's that are out of date! It is our most important responsibility at this time.	9/22/2022 10:50 AM
13	Technology issues	9/22/2022 10:21 AM
14	Funding and fixing IT -- making sure every classroom and office has adequate and functioning A/V, wifi, and DSPS equipment that functions within a timeframe of seconds not minutes. Audit and overhaul of policies and practices as per suggested by CIA Technical Visit + follow up trainings and propagation and that information.	9/21/2022 9:27 AM
15	As I understand it, the Distance Education Policy is nearly complete. It is important to approve it and move on.	9/19/2022 3:21 PM
16	Fix and update IT	9/15/2022 8:53 AM
17	Adressing campus wide negative moral. How can we all collectively let go of the anger over the past, so we can move forward for our students?	9/14/2022 11:08 AM
18	tech-equity in all classrooms, revisit class cancellation policy	9/14/2022 9:05 AM
19	no	9/14/2022 8:04 AM
20	I believe it is imperative that the Senate make the review and revision of ALL policies and procedures a priority this academic year and moving forward. The message from the CIA meeting was clear: colleges weather difficult times far better when processes are clearly laid out and understood. I believe this might require re-examining 2410 and streamlining the process in a sign of good faith to the other constituent groups and the ACCJC that we are committed to moving in a positive direction..	9/13/2022 7:21 PM
21	no	9/13/2022 6:34 PM
22	Nothing listed besides the Distance Ed Policy is a valid senate endeavor. The senate should be focused on work the senate is charged with, writing and recommending policy around 10+1. Of course we will be involved with the Hiring of the VPAA, declaring it as a priority makes zero	9/13/2022 5:15 PM

difference. That we are asked to rank issues of such little importance, and those ranked highest are touted as faculty priorities is a joke. Perhaps we should put out a survey to rank exactly these two choices, bring back Ron Kraft this year or next, then tout the winner as our priority.

23	Reducing the number of administrators at the college	9/13/2022 4:52 PM
24	Relations w/ Administration, BOT, and staff.	9/13/2022 3:47 PM
25	Let us move forward with teaching. Make our programs current, viable, and necessary. Cut the fat, provide only what is needed for a degree or certificate.	9/13/2022 3:29 PM
26	Bring the nomination of Full-time Faculty Hiring priorities to the senate	9/13/2022 3:04 PM
27	No others that I can think of. Thank you.	9/13/2022 3:01 PM
28	How about getting IT actually fixed, tech refresh... some of those priorities above are ridiculous.	9/13/2022 2:27 PM
29	Transparency from Admin, BOT!	9/13/2022 2:27 PM
30	No comment.	9/13/2022 2:19 PM
31	No	9/13/2022 2:17 PM
