NVC Superintendent/President’s Report

Personnel

- Leaders at the college have been in contact with our new NVC VP of Instruction, Dr. Terry Giugni, who begins his tenure next week!
- The DAS (auxiliary services organization) board of directors met on 1/8/14 to continue discussions to complete its staffing protocols, employee handbooks, procedures and guidelines. An in-depth DAS Report is being prepared for the upcoming special meeting of the BOT scheduled for January 22nd.
- Human Resources is continuing its work toward the development and completion of a Comprehensive Institutional Staffing Plan
- Unit staffing planning, reorganization, and realignments continue across the District in student services, instruction, administrative services, and the president’s area. The goal is focusing a balanced staffing pattern with the needs and plans of The Way Forward. The Vice Presidents of Student Services and Instruction, along with the President have completed significant recommendations for reorganizations, staffing and management changes that are being discussed in Cabinet.

Strategic Development

- Facilities Master Planning stakeholders continue to meet with discussions of Campus Master Planning—among the elements discussed are properties owned by the District including the Menlo Property and the Mt. Veeder preserve (bumpy camp), both of which are undergoing assessment for their contribution to the college mission.
- A CORE group meeting has been scheduled for 1/29.
- Educational Master Plan will be coming to the Board tonight for final presentation (January 9, 2013).
- The current NVC Health Center will continue operations throughout the spring semester. Vice President Oscar DeHaro is developing a plan for future operations.

Budget and TWF

- The Board special meeting to discuss development resources and bond feasibility is scheduled for January 22, 2014 between 9 AM and 12 PM and will included in-depth materials and several presentations.
