Accreditation Update for Board of Trustees

December 11, 2014

Accreditation Co-Chairs: Robyn Wornall and Erik Shearer

The first draft of the Self-Evaluation Report was due November 20. Thirteen of the fourteen writing teams submitted first drafts. We are in the process of reviewing the first drafts and providing comments and direction for each of the teams. That feedback will be used to develop the second draft of the Self-Evaluation Report, which is due in February.

The Accreditation Steering Committee will serve as the primary reviewing body for the second draft. All evidence cited in support of the second draft will be submitted to the Office of Research, Planning and Institutional Effectiveness (RPIE) in February as well.

The Accreditation website (which is part of the RPIE website) has been updated to include:

- Writing Team and Steering Committee members;
- An updated timeline;
- Data that will be incorporated into the Self-Evaluation Report;
- NVC’s 2014 Substantive Change Proposal for Online Instruction; and
- Recent ACCJC communications regarding substantive change.
