1.0 Adoption of the Agenda  Agenda adopted M/S/A
2.0 Approval of Minutes from  Minutes for February 10, 2014 approved M/S/A
3.0 Public Comment  None
4.0 Action Item
  4.1 Adopting ASCCC Resolution concerning changes AACJP Standards for Libraries in Standard II C. Stephanie Grohs brought to the committee Resolution 02.05 adopted by the Academic Senate for California Community Colleges. RESPONDING TO DRAFT ACCJC ACCREDITATION STANDARDS AS THEY RELATE TO LIBRARIES ANLEARNING SUPPORT SERVICES. The resolution advocates for the retention of the “Library and Learning Support Services” as a separate Substandard in the proposed new ACCJC Standards. Stephanie explained that the current substandard contains elements that have provided for constructive assessment of libraries. The draft Standards weaken, to detriment of student learning, the criteria in regard to information competency and access to library material and services regardless of location and means of delivery. Committee voted in support of bringing the Resolution to the Academic Senate for a vote of support. M/S/A

Update on Priority Registration at March 11th Academic Senate Business Meeting

Stephanie presented response to Student Matriculation and Student Services proposal brought to the Academic Standards Committee to make changes to priority registration. In addition to mandated groups, the proposal gives priority registration time to athletes, SSS, Trio, WAI III, MESA, and graduating students. The Academic Standards Committee requested data to illustrate the need for the proposed changes.
Questions remain about the criteria used to assign groups to different levels of priority. Questions remain about the creation of too many priority groups, and about leaving out individuals who don't join groups. Academic Standards was not in favor of the proposed change.

5.2 Updating Prerequisite Policy
