Fast Path Accelerated Learning

Napa Valley College’s multi-pronged Fast-Path initiative is designed to shorten the time students need to complete requirements for transfer and/or graduation. These 8 week Fast Path courses, which are offered in day, evening and online formats, allow for maximum flexibility and allow students the opportunity to enroll in more than one Fast Path course in each of the 8 week schedules. This means that students will have the ability to complete at least two general education and/or program applicable courses every 8 weeks, or at least four of these required courses each term. For students seeking transfer to CSU this initiative will ultimately allow them an opportunity to complete more required courses in fewer semesters, which saves them both time and money.
