

Guided Placement for NVC Math Students

Cumulative High School GPA can be calculated after the first semester of 12th grade. Students wishing to enroll in classes while still in high school can use their current GPA. Students without a transcript or High School GPA should speak with a counselor.

MATH 232 STATISTICS PLACEMENT

Has C- or higher in HS Algebra 2, Math III, Financial Algebra, Statistics (both semesters)		MATH 232
Does not have C- or higher in HS Algebra 2, Math III, Financial Algebra or Statistics	HS GPA 3.0 or Higher (unweighted, cumulative)	MATH 232
	HS GPA Lower than 3.0 (unweighted, cumulative)	MATH 83* with MATH 232
Did not graduate High School		MATH 83* with MATH 232

* MATH 83 will provide the mathematical concepts needed for success in MATH 232. When you enroll in MATH 83 you will also enroll in the MATH 232 section linked to your MATH 83 course

MATH 106 COLLEGE ALGEBRA PLACEMENT

Has B- or higher in HS Algebra 2, Financial Algebra or Math III (both semesters)		MATH 106
Does not have B- or higher in HS Algebra 2 or Math III	HS GPA 3.4 or Higher (unweighted, cumulative)	MATH 106
	HS GPA Lower than 3.4 (unweighted, cumulative)	Math 86* with Math 106
Did not graduate High School		Math 86* with Math 106

* MATH 86 will provide the algebra concepts needed for success in MATH 106. When you enroll in MATH 86 you will also enroll in the MATH 106 section linked to your MATH 86 course
