

Napa Valley College
CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION (GE) REQUIREMENTS
 Effective FALL 2014 through SUMMER 2015
 (Revised April 2015)

The General Education Requirements for the California State University (CSU) system specifies courses within subject areas which will satisfy the 39 lower division GE requirements for any campus of the California State University System. Completion of CSU GE is not required before transfer but it is highly recommended for most students. For majors with Associate Degrees for Transfer (ADT), students must complete either CSU-GE or IGETC. Please consult a Counselor for updated ADT information. For some students, in high unit majors, completing the pre-major course requirements will be a priority over completing GE requirements. Napa Valley College courses with a number designation of 100 through 299 are transferable to all CSU campuses, but only a select group of these courses qualify for CSU GE.

NVC CSU-GE Certification Process:

- Students wishing to have CSU GE certification accompany their transcripts when they are sent to the CSU must complete an official request and submit it to the Napa Valley College Admissions and Records office.
- Courses taken at CSU campuses or other California Community Colleges will be applied to the subject areas in which they were listed by the institution where the course was taken.

Students may qualify for either full certification or subject-area certification.

- A student qualifies for full certification if the requirements for all 5 subject areas of CSU GE are satisfied
- A student qualifies for subject area certification for those subject areas where all requirements are satisfied. An example would be when a student completes Speech Communication 122, English 120 and English 125 for each of the 3 categories of Area A. The student qualifies for certification of Area A. If a student has not fully completed the requirements of an area, that area may not be certified.

All CSU campuses allow applicants who submit full or area certifications to double count courses for general education and major requirements, but most campuses have limitations. See a counselor for the limitation imposed by each campus.
